He Repeats He Plans Running Again, But Undecided On Office

NEW YORK (A) - Ohio's fiveterm Democratic governor, Frank J. Lausche, is picking up more backing as a possible presidential candidate, but he still remains mum on the subject.

And the popular Buckeye chieftain continues to state that while he plans definitely to run for elective office in 1956, he hasn't decided on which one.

He declined again today to comment on boosts he has had for the Democratic presidential nomination. Boarding a plane for Columbus, he told newsmen:

"There are at this time two courses open to me. These are either running for reelection as governor of Ohio or for the United States Senate."

He said "I am going to run for Jeniors Vying lective office in 1956, but I have elective office in 1956, but I have not made up my mind as to which

Two juveniles, both from middle-class families in Circleville. were found guilty here Tuesday of puncturing automobile tires and petit thievery.

One of the youths, 14, was sent to the juvenile bureau of the department of public welfare in Columbus. The other, 16, was sent to Lancaster Boys Industrial School.

In the past three years, only three others youths have been sentenced to BIS from here, according to records in juvenile court. Two were sent there approximately six months ago by Judge Guy Cline.

Judge Cline said the 16-year old boy had been on a two-year probation, which he violated when found guilty of the accusations. Two more youths are slated for hearings in connection with the same

THE TWO YOUTHS sentenced Tuesday were sternly lectured by Judge Cline. He reminded them: "You have been told before about committing crimes, but you just weren't convinced. You were warned that if you continued to violate the law you would end up in some kind of detention,"

Officially, the two youths were listed as delinquents. Their apprehension and sentencing came less than a week after their crimes.

Others, Implicated In Recent Crimes. To Be Heard Soon

Two juveniles, both from middle-class families in Circleville, were found guilty here Tuesday of puncturing automobile tires and petit thievery.

One of the youths, 14, was sent to the juvenile bureau of the department of public welfare in Columbus. The other, 16, was sent to Lancaster Boys Industrial School.

In the past three years, only three others youths have been sentenced to BIS from here, according to records in juvenile court. Two were sent there approximately six months ago by Judge Guy Cline.

Judge Cline said the 16-year old boy had been on a two-year probation, which he violated when found guilty of the accusations. Two more youths are slated for hearings in connection with the same

## **New Chamber** Unit Opposes CIO Proposal

Members of a newly organized section of the Circleville Chamber of Commerce were on record today in opposition to a statewide CIO proposal to increase unemployment benefits.

The action was taken when the Chamber's transportation division met Tuesday night in the Court and Main restaurant. The CIO proposal, already a highly controversial issue, will appear as Issue No. 4 on the November 8 ballot.

Gail Leist of N. Scioto St. presided as chairman at the division meeting. He appointed a committee of milk haulers to study ways and means to coordinate local milk deliveries during the winter months. The committee includes Warren Grover, Lincoln Isaac and Starling Knecht.

**GOP Senators Claim** Ike's Present Policy Viewed 'Inadequate'

DES MOINES (P)-Two Republi can members of the Senate Agritulture Committee today appealed to the nation's businessmen for aid in solving the problem of declining farm prices. Both said present policies of the Eisenhower administration are inadequate.

They cautioned that continued reduced levels of agricultural income could do nothing but undermine the industrial economy and possibly destroy the government's ability to remain solvent. Senators Thye of Minnesota and Mundt of South Dakota declared there is need for "new ideas" to keep agriculture prosperous.

## **New Chamber Unit Opposes** CIO Proposal

Members of a newly organized section of the Circleville Chamber of Commerce were on record today in opposition to a statewide CIO proposal to increase unemployment benefits.

The action was taken when the Chamber's transportation division met Tuesday night in the Court and Main restaurant. The CIO proposal, already a highly controversial issue, will appear as Issue No. 4 on the November 8 ballot.

Gail Leist of N. Scioto St. presided as chairman at the division meeting. He appointed a committee of milk haulers to study ways and means to coordinate local milk deliveries during the winter months. The committee includes Warren Grover, Lincoln Isaac and Starling Knecht.

The Rev. Allan Garner of Stoutsville EUB Church was the main speaker at Tuesday night's meet-

Any community, he said, gains more in the way of permanent betterment when individuals merge their efforts toward one particular goal. Group effort, he added, also develops a sense of responsibility upon the part of all those participating, and thus makes them better citizens in their personal spheres.

## Rock-Tossing Reported At Indiana Plant

NEW CASTLE, Ind. (P)-Guards No fires or inhalator calls were at the Perfect Circle Corp. foundry, scene of a riot three weeks ago, reported early today eight windows at the foundry had been broken by stones.

> The guards, said they did not see the stones thrown and did not see anyone around the plant. The plant was not operating at the time and only guards were on duty.

> About 25 National Guardsmen left here after full martial law was lifted last Thursday were at the Guard armory in another part of the city.

The CIO United Auto Workers Union has been on strike against Perfect Circle here and in Hagerstown and Richmond since July 25 in a contract dispute.

Eight persons were wounded Oct. 5 in an exchange of gunfire between massed strike sympathizers outside the plant and nonstrikers inside. The National Guard moved in the next day and full martial law was declared Oct. 10. The plant reopened with non-

strikers and resumed operations on a limited basis. Martial law was lifted Oct. 20, but some Guardsmen remained on duty, the number being reduced to 25 this weels The winow breaking was the first incident reported since the Oct. 5 riot.

Petitions for decertification of the UAW as bargaining agent at Hagerstown and Richmond are pending before the NLRB.

## **Volunteers Set** To Open Work On Yule Seals

"Label Day" Group Will Lead Off Job Next Friday

Final plans are being made for 'Label Day'', part of a new policy that will help guide the sale Christmas Seals this year in

Pickaway County.
Mrs. Donald Miller, chairman of the seal campaign, and Mrs. Evelyn Hafey, executive secre-tary of the Pickaway County Tuberculosis and Health Association, have jointly disclosed that more volunteer help will be us-ed in behalf of the drive this Yuletide. As a step in this di-rection, "Label Day" has been scheduled for next Friday.

On that day, from 9:30 a. m. to 3:30 p. m. in the Lutheran parish house on E. Mound St., volunteer women helpers will place thousands of addressed labels on the traditional Christmas Seal letters. It will be the final preliminary toward distribution of the familiar stickers.

The 1955 Christmas Seal Sale will open here on November 16.

ALTHOUGH the Tuberculosis and Health Association conducts many important services, the best known is probably that of the mobile x-ray unit.

It has been pointed out that the health of the whole community is safeguarded through the casefinding procedure of the x-ray unit and its chest examinations.

A single undetected case of tuberculosis may menace the health of many persons.

Last year's sale of the Christmas Seals paid for approximately 1,000 x-rays taken last December at the x-ray trailer. In addition, the local association:

Furnished educational films to schools and organizations, helped organize a health workshop for teachers of the city and county schools, and assisted the local tuberculosis clinic, held each month at Berger Hospital.

blocking an effort by the Army to buy 10 small jet airplanes for liaison and reconnaissance work. It took an appeal to Secretary of Defense Wilson, contending that this would be the beginning of another Army Air Corps.

Ground units of the Army have often been outspoken in criticism of the Air Force for not giving them prompt air support in crucial battle situations in recent wars. In Europe in World War II the Air Force argued it could accomplish more by bombing behind the lines than by direct support of attacking infantrymen.

But in Korea Army ground troops learned to envy the Marines the close tactical support their Marine-flown airplanes gave them. Now the Army seems to be seeking a similar arrangement.

This is the sort of squabble that annoys an American public that thought unification of the armed forces was accomplished years ago. Disagreement on methods of reaching goals is to be expected, but stubborn insistence on "principles" and "traditions" adds nothing to overall defense strength.

Ground troops should have all the air necessary for their commanders to plead for such assistance, but unless unification is to be abandoned as a failure, a separate Army air arm simply does not seem to fit the mother has failed to state her religious in the picture.

If Princess Margaret were to ask me The Air Force to date has succeeded in whether the British should support the United States or Soviet Russia in the Egyptian matter, I am sure that I could give her an objective reply, but if she asked me whether she should marry Peter Townsend, I would regard it as impertinent to reply. How would I know whether such a marriage would make for happiness and a good life? These little personal equations are infinitely more difficult to solve than broad, historic matters.

The family is at its best when it consists of a father, mother and children. It is happiest under homogeneous conditions and one factor is religion. Few families stand well the wear and tear of religious differences, although in some families these difficulties are overcome by intense thoughtfulness and consideration.

Furthermore, it is human experience that children do not grow up satisfactorily without moral training which is most effective when associated with religion. Therefore, most adoptions are associated, in many parts of the country, particularly in the larger cities, with religious institutions. In New York, for instance, the matter is rigid: Catholic, Protestant and Jewish. The result is that if there is a lack of chilsupport they need, and it should not be dren of a particular religious designation, married couples seeking children for adoption run into difficulties.

When the father is utterly unknown and affiliation, how do the social workers know into which category to force a child? This is a very intricate question and can lead to all the troubles which attend the Hildy Case in Boston. I am discussing adoptions and not foster home enterprises, which is

The questions asked by small children would ruin any TV quiz show, stump any panel of experts-because they often can't be answered simply and easily. A child's queries reflect the collision of a small mind with all the wonder that lies about it.

Any child can ask a question that would take a 70-year - old philosopher weeks to explain, or even leave him dumbfounded.

As children get older and shyer, they cease to ask these lifeprodding questions. They pull down the curtain on their doubts and thoughts, and we miss looking through the little open windows by which we felt we knew

## Helena Rubinstein's new lipstick color 307

At piano Dave Brubeck. Inspiration - the girl in the Jazz lipstick.

Who but Helena Rubinstein could describe the scorching excitement of jazz in color that's glory to the lips! It's red-hot as an after-hours jam session with just a beat of torchy blue. It's "cool" (universal language for whatever sends you clear out of this world). Jazz is mellow - smooths the lips daylong without repairs. What's more you collect it in wonderful Jazz Combo packages, along with another full-size Helena Rubinstein lipstick in one of 5 favorite colors plus a real 6-inch record of jazz classics, all for 2.00 plus tax. Jazz alone is 1.10, so the savings are cool.

DON'T GET CAUGHT IN WALTER'S HALTER

Vote NO Election Day on the CIO'S preposterous "workless pay bill"! Walter Reuther wants you to pay through hidden taxes so his CIO workers can enjoy double unemployment pay!

This tricky CIO scheme would do more than raise unemployment pay sky high. It is an attempt to trap Ohio voters into okaying the mis-named, "Guaranteed Annual Wage" (not now permitted under Ohio's Unemployment Compensation Laws) which would permit Reuther's union members to draw higher unemployment pay than their fellow workers. Don't let Reuther and the CIO rule Ohio! Read on ...

Too Much Pay for no Work - The CIO wants up to \$256 a month for nine months, tax-freemore than the take-home pay of many an honest worker.

Hidden Taxes, Higher Prices - New taxes on business come back to you, the consumer, in higher prices on food, clothing, everything you buy.

Ohio Already Pays the 2nd Highest Benefits - second only to Michigan among all industrial states in unemployment compensation.

Ohio Legislature Just Raised Benefits 10% -more than keeping pace with the cost of living. How selfish can the CIO get?

Minimum Wage for Workers is \$1-CIO Wants \$1.48 For Idlers, Tax-Free - Since when do we pay more for idleness than for honest work?

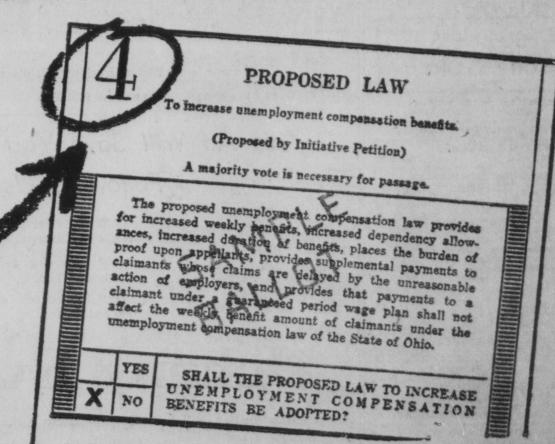

Gov. Lausche Calls the CIO Proposal "Fantastic." Sen. Bricker says "it's exorbitant." The Ohio Legislature turned it down as dangerous and excessive. Ohio newspapers are solidly against it.

Look for . . . but don't fall for . . . the CIO's plan to raid the Unemployment Compensation fund!

## DON'T GET CAUGHT IN WALTER'S HALTER

Vote NO Election Day on the CIO'S preposterous "workless pay bill"! Walter Reuther wants you to pay through hidden taxes so his CIO workers can enjoy double unemployment pay!

> This tricky CIO scheme would do more than raise unemployment pay sky high. It is an attempt to trap Ohio voters into okaying the mis-named, "Guaranteed Annual Wage" (not now permitted under Ohio's Unemployment Compensation Laws) which would permit Reuther's union members to draw higher unemployment pay than their fellow workers. Don't let Reuther and the CIO rule Ohio! Read on ...

Too Much Pay for no Work - The CIO wants up to \$256 a month for nine months, tax-freemore than the take-home pay of many an honest worker.

Hidden Taxes, Higher Prices - New taxes on business come back to you, the consumer, in higher prices on food, clothing, everything you buy.

Ohio Already Pays the 2nd Highest Benefits - second only to Michigan among all industrial states in unemployment compensation.

Ohio Legislature Just Raised Benefits 10% -more than keeping pace with the cost of living. How selfish can the CIO get?

Minimum Wage for Workers is \$1-CIO Wants \$1.48 For Idlers, Tax-Free - Since when do we pay more for idleness than for honest work?

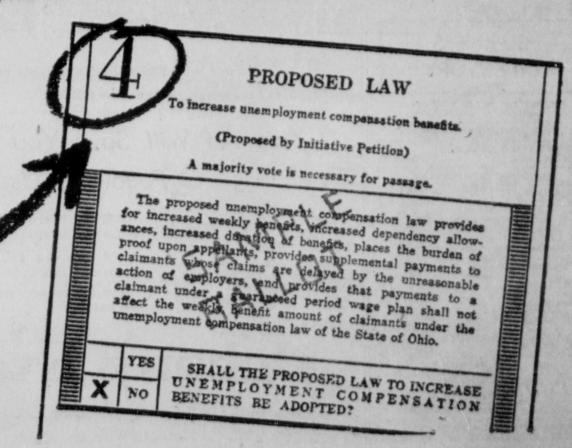

Gov. Lausche Calls the CIO Proposal "Fantastic." Sen. Bricker says "it's exorbitant." The Ohio Legislature turned it down as dangerous and excessive. Ohio newspapers are solidly against it.

Look for . . . but don't fall for . . . the CIO's plan to raid the Unemployment Compensation fund!

"The acrimony accompanying legislative and judicial consideration is not difficult to explain. Religion and love of children are two of the most emotion-laden of all human motivations, and when these conflict the result is likely to be bitterness, passion and a serious deterioration in interfaith relations. Nationalist motivations are not infrequently almost as emotion-laden, and when these too are present, as they occasionally are, passions will almost inevitably become more intense."
